HALCOTT COMMUNITY GARDEN MEMBERSHIP GUIDELINES

Welcome to the Halcott Community Garden. Our mission is to identify gardeners, community friends and others residing in the town of Halcott and its environs who have the interest, desire and commitment to participate in the creation of a garden that serves both the town of Halcott and its neighboring hamlets. Our short term goals are to build the garden to provide garden plots to Halcott residents for producing food & flowers for personal use while establishing a structure to the garden and its membership that supports the long term goals of

- fostering community support both within the town and in the region for locally grown, fresh, nutritional food.
- providing education on good garden practices and landowner stewardship for long term environmental sustainability.
- creation of a beautiful town center for public gatherings
