at Skene Memorial Library**

Halcott resident Michael DiBenedetto has travelled to Ukraine three times, volunteering for non-governmental organizations that provide food and medical care to civilians suffering from the Russian invasion.

Michael has personally raised thousands of dollars to purchase three vehicles - two to deliver food and medical supplies, and an ambulance. He has many heartwarming and also horrific tales and photos about his travels in Ukraine. Come hear him share his experiences not only of the Ukrainian people's resolute spirit, but also their generosity, tenacity, and ingenuity in defending their country.
